

# Partnership Agreement

**The EPA Green Power Partnership encourages the voluntary use of green power to reduce the risk of climate change. Partners benefit from the use of green power, while supporting the development of new, renewable energy in the United States.**

With this agreement,

(Name of organization or entity)

joins EPA's Green Power Partnership and commits to:

- Buy green power that meets or exceeds Partnership requirements within one year of signing this Partnership Agreement.
- Report on green power purchasing activities annually.
- Use the Green Power Partner mark in a manner that is consistent with Partner mark use guidelines, available at [www.epa.gov/greenpower/partner\\_corner](http://www.epa.gov/greenpower/partner_corner).

In return, EPA commits to:

- Provide public recognition.
- Provide procurement and communications assistance, as requested by Partner.
- Provide a brief description of the Partner's green power commitment on the Green Power Partnership Web site.

## General Terms:

- Either party can terminate this agreement at any time without prior notification or penalties and with no further obligation. EPA will not comment publicly regarding the withdrawal of Partners.
- Partner agrees that the activities it undertakes connected with this voluntary agreement are not intended to provide services to the federal government and that the Partner will not seek compensation from a federal agency.
- Partner agrees that it will not claim or imply that its participation in the Green Power Partnership constitutes EPA approval or endorsement of anything other than its participation in the program and will not make statements or imply that EPA endorses the purchase or sale of the Partner's products and services or the views of the Partner's organization.
- EPA may post information about the Partner's purchase publicly, but will honor all requests to keep the Partner's purchasing data and/or electricity use confidential.
- EPA may use the Partner's logo in selected marketing materials. This added benefit is available only to Partners that have joined the Green Power Partnership and have completed a green power purchase for all their U.S. facilities.
- EPA may periodically revise program benchmark levels or other eligibility requirements.

---

## Authorizing Official:

On behalf of \_\_\_\_\_, the undersigned understands and agrees to the terms of the Green Power Partnership.

## Partner Information

1. Partner's electricity use: kWh / year
2. Partner's green power commitment: kWh / year
3. Partner Web page on green power use:
4. Completed green power purchase? Yes No

### If yes, please provide the following information:

- Contract details effective date: term: years
- Green power products renewable electricity product RECs on-site generation
- Green power resource mix % solar % wind % geothermal % biomass  
% biogas % hydro (small or low-impact)
- Product certification/verification Yes No If yes, by whom?
- Green power retailer(s) or provider(s)
- If we have additional questions, may we contact your provider(s) for additional information? Yes No

## Key Partnership Requirements

Green Power Purchase Requirements		
<b>Your Organization's Baseload</b> If your annual electricity use in kilowatt-hours is...	<b>Green Power Partner Requirements</b> You must, at a minimum, purchase this much green power within one year of joining the Partnership	<b>Green Power Leadership Club Requirements</b> You must, at a minimum, purchase this much green power
≥ 100,000,001 kWh	2% of your use	20% of your use
10,000,001 - 100,000,000 kWh	3% of your use	30% of your use
1,000,001 - 10,000,000 kWh	6% of your use	60% of your use
≤ 1,000,000 kWh	10% of your use	Not Applicable

- Partners must acquire electricity generated from eligible renewable resources, which include solar, wind, geothermal, biogas, eligible biomass, and eligible hydropower.
- Partner commitment can be met with any combination of green power products (i.e., green power, RECs, or on-site generation).
- Partner purchases must be voluntary and incremental to the renewable electricity included in the standard electricity service.
- Minimum Partner and Leadership Club purchase requirements must be entirely met with power from "new" renewable facilities (i.e., installed after 1/1/1997).

More details are available in the Program Requirements Memo, [www.epa.gov/greenpower/partner\\_corner/partnertools.htm](http://www.epa.gov/greenpower/partner_corner/partnertools.htm).

The government estimates the average time needed to fill out this form is 4.9 hours and welcomes suggestions for reducing this level of effort. Send comments (referencing OMB control number) to the Director, Collection Strategies Division, U.S. EPA (2822T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460.

**PLEASE FAX THE PARTNERSHIP AGREEMENT TO 202/343-2208**
